TOPS Technologies

Subject: Application for the Position of Network Engineer

Dear Hiring Manager,

I am writing to express my interest in the Network Engineer position at TOPS Technoogies. I hold a Bachelor of Engineering in Electrical Engineering and have professional experience in both electrical engineering and the aviation industry. I am currently transitioning my career toward Information Technology, with a specific focus on networking and network infrastructure.

Through my networking studies and practical training, I have developed knowledge of networking fundamentals, IP addressing, subnetting, VLANs, trunking, inter-VLAN routing, routing protocols such as RIP, OSPF and EIGRP, ACLs, NAT/PAT, DHCP, DNS, VPNs, WAN technologies, and network troubleshooting. I have also gained hands-on experience using Cisco Packet Tracer to build and troubleshoot network configurations.

My previous professional experience has strengthened my problem-solving, technical, communication, teamwork, and operational skills. I believe these transferable skills, combined with my growing networking knowledge and willingness to learn, will allow me to contribute effectively to your organization.

I would appreciate the opportunity to discuss how my background and career transition can add value to [Company Name]. Thank you for considering my application. I look forward to the opportunity to speak with you.

Sincerely,
Ketan Solanki

2.PROFESSIONAL IT & NETWORKING PORTFOLIO

Ketan Solanki

Aspiring Network Engineer | IT Professional

 Vadodara, Gujarat

 9173363419

 Sketan051@gmail.com

Professional Profile

I am an Electrical Engineering graduate transitioning into the Information Technology and Networking field. My professional background includes experience in electrical engineering and aviation, which has developed my technical problem-solving, operational, communication, and teamwork abilities.

I am currently building my expertise in computer networking and IT infrastructure through practical learning and hands-on network simulation. My career objective is to establish myself as a Network Engineer and progressively develop advanced skills in network security, infrastructure, and cloud networking.

Core Networking Skills

- Networking Fundamentals
- OSI & TCP/IP Models
- IPv4 Addressing & Subnetting
- VLAN & Trunking
- Inter-VLAN Routing
- Static & Dynamic Routing
- RIP, OSPF & EIGRP

- Access Control Lists (ACL)
- DHCP & DNS
- NAT & PAT
- VPN & GRE
- WAN Technologies
- HSRP
- STP, DTP & VTP
- Network Troubleshooting
- Cisco Packet Tracer

Practical Projects

Cisco VLAN & Inter-VLAN Routing

Configured VLANs, trunk links, and inter-VLAN routing in Cisco Packet Tracer and tested communication between different network segments.

Dynamic Routing

Implemented routing protocols including RIP, OSPF, and EIGRP to establish communication between multiple networks.

Network Security & ACL

Configured standard and extended ACLs to control traffic between networks and restrict access to specific hosts.

NAT & PAT

Configured static NAT and PAT/overload to allow private network devices to communicate through a public IP address.

VPN & WAN

Created simulated WAN and VPN environments using Cisco routers, including GRE tunnel configuration and troubleshooting.

DHCP & DNS

Configured DHCP for automatic IP address assignment and studied DNS name resolution and network services.

Previous Professional Experience

Electrical Engineering

Developed technical, analytical, troubleshooting, and equipment-handling skills through professional experience in the electrical engineering field.

Aviation Industry

Gained experience working in an operational and security-focused environment, developing discipline, communication, attention to detail, and teamwork.

Certifications & Training

- Basic AVSEC & Screener Certification
- Automation Certification
- Networking / IT Training
- Cisco Packet Tracer Practical Training

Career Objective

My goal is to build a successful career in networking and Information Technology, beginning as a Network Engineer or Network Support Engineer and progressively developing expertise in network security, infrastructure, and cloud networking.

Sincerely,

Ketan Solanki

3. Recommendation Letter / Letter of Appreciation

RECOMMENDATION LETTER

Date: 5/09/2026

To Whom It May Concern,

I am pleased to recommend Ketan Solanki for professional opportunities in the field of Information Technology and Networking.

During the period of his association with Fasttrack Inc, Ketan Solanki demonstrated professionalism, responsibility, discipline, and a strong willingness to learn. He consistently approached assigned responsibilities with dedication and maintained a positive attitude toward challenges.

I have also observed his commitment to developing new technical skills, particularly in the field of networking and Information Technology. [Employee Name] demonstrates the ability to learn new concepts and apply them practically.

I am confident that Ketan Solanki will be a valuable addition to any organization and will approach future responsibilities with the same level of commitment and professionalism.

I am happy to recommend him for suitable employment opportunities and wish him continued success in his career.

Sincerely,

Nilesh Bharadwaj
Manager,
FASTTRACK INC

4. Experience Certificate / Employment Verification Letter

EXPERIENCE CERTIFICATE

Date: 15/09/2026

TO WHOM IT MAY CONCERN

This is to certify that Mr./Ms. Ketan Solanki was employed with Fasttrack Inc from 12/09/2025 to [15/09/2026] in the position of Design Engg.

During the period of employment, Ketan Solanki was responsible for performing assigned duties related to Design. He demonstrated professionalism, responsibility, discipline, and a willingness to learn throughout the employment period.

[Employee Name] worked effectively with colleagues and management and carried out assigned responsibilities with dedication and attention to detail.

We appreciate [his/her/their] contributions to the organization and wish [him/her/them] every success in future professional endeavors.

This certificate is issued upon the employee's request for official and professional purposes.

Sincerely,

Nilesh Bharadwaj
Manager
Fattrack Inc

5. Letter of Interest for a Job

LETTER OF INTEREST

To,
The Hiring Manager
Fasttrack Inc

Subject: Expression of Interest for Networking / IT Opportunities

Dear Hiring Manager,

I am writing to express my interest in exploring suitable opportunities within the Information Technology and Networking domain at Fasttrack Inc.

I hold a Bachelor of Engineering in Electrical Engineering and have professional experience in Electrical Engineering and the Aviation industry. I am currently pursuing a career transition into IT, with a strong interest in computer networking and network infrastructure.

As part of my transition, I have developed practical knowledge of IP addressing, subnetting, VLANs, trunking, inter-VLAN routing, routing protocols, ACLs, DHCP, DNS, NAT/PAT, VPNs, WAN technologies, HSRP, and network troubleshooting. I have used Cisco Packet Tracer to practice network configuration, troubleshooting, and implementation.

My previous experience has helped me develop strong technical discipline, problem-solving ability, attention to detail, teamwork, and communication skills. I am highly motivated to apply these transferable skills while continuing to develop my expertise in networking and IT.

I would be grateful if you would consider my profile for any suitable current or future opportunities such as Network Engineer, Network Support Engineer, NOC Engineer, IT Support Engineer, or Junior Network Engineer.

Thank you for your time and consideration. I would welcome the opportunity to discuss my qualifications and career goals with you.

Sincerely,

Ketan Solanki
